

We know that you all have been patiently waiting for an update from us. We have an official plan in place and we're ready to share it with you all.

Firstly, we want to say a massive **"THANK YOU"** for all the kind words, support, and understanding we have received from our guests and the community. You, and our team, are the reason we decided to close and we're so appreciative we have the best support system!

Our plan is to re-open on Monday, June 29th with the following guidelines in place:

- This week Friday we have a professional disinfectant company coming in to completely sanitize and disinfect every surface of the restaurant. They will come in weekly to continue this process.
- As we were doing pre-closure, we will have all dining surfaces cleaned by our team nightly with a commercial grade disinfectant. This process takes our team roughly 2+ hours every night to complete as it is a very thorough regimen we plan to continue.
- All team members (kitchen, front-of-the-house, and management) are required to wear masks properly for the entirety of their shift. We will also continue to take everyone's temperature at the beginning of each shift.
- All flatware will be disposable.
- We are installing UV lights in our HVAC system which will also help disinfect the air as it circulates the restaurant.
- All tables are at least 6 ft apart with a maximum of 6 guests per table. No exceptions will be made to this rule. If your party is larger than 6 guests you will be asked to sit at separate tables.
- We will encourage our guests to observe our menu online via their personal devices. There will be disposable menus by request.
- Guests will be encouraged to maintain 6ft distance while in line and wear a mask if they choose to.

Additionally, employees will not be allowed to work should they experience symptoms and will be asked to quarantine for a minimum of 2 weeks should they test positive for COVID-19 (or as directed by the Walworth County Department of Health). We also ask that if you, or anyone in your party, has been in contact with someone who has tested positive for the virus or are personally exhibiting symptoms, to please dine with us at another time.

Thank you again and please contact us with any questions.
